

INFORMATIONS ABOUT THE FINAL EXAMS

(BSc, MSc, full time and correspondence training)

At Óbuda University on 18th of May 2021 the 5/2020. (V.18.) Rector's Instructions was issued which implies changes of certain provisions about 2019/2020 academic year, specifically it - in consideration of the emergency situation – contains the rules and deadlines of the final exam. This means that:

we organize the final exams online at the Donát Bánki Faculty of Mechanical and Safety Engineering via the BigBlueButton (BBB) system between 21th in June, 2021 – 4th in July, 2021.

The Institutes and the Departments are responsible for the organization of the online final exams therefore they will assign the exact dates and groups schedule. The students will receive information about that detailed schedule one week before the exam. The login information to BBB (link, password) will be available for all student at least one day before the final exam via Neptun/Moodle message.

The publicity of the final exam is assured for only the participants invited to a given time.

The steps of the online exam's procedure:

- The presentation and defense of the degree thesis work.
- The committee for assessment values and announces the result of the presentation and defense of the degree thesis work.
- Oral exam from the subjects (in case of successful defense of thesis). The student must start the exam without preparation time. In favor of the
- successful examination and in consideration of the situation - the committee members will help the student with questions and propositions.
- The committee for assessment evaluates the exam and announces the result of the subject exams.

The following technical conditions are necessary for the successful online exam:

- stable, broadband Internet connection,
- functioning microphone and webcam.

If the student's contact is interrupted under his final exam, and the student can join back at his own timeline he will receive a new question for that subject. In case of a contact being interrupted repeatedly the student starts his final exam in a new exam time.

There will be online consultations with the students before the final exams. We will inform you via email/Neptun/Moodle.
