

# Final Examinations

Vehicle Electronics (KMEJE1ENNM)

2016/2017

- 1) Gasoline fuel-injection systems, L-Jetronic system, adaptation to specific operating conditions
- 2) Electronic ignition systems and knock-control
- 3) Motronic control systems
- 4) Traction control systems and electronic throttle control
- 5) Emission control and lambda-sensor
- 6) ABS anti-lock braking systems
- 7) Vehicle safety systems, electronic stability program (ESP)
- 8) Parking assist systems
- 9) Lane assist systems
- 10) Adaptive front light systems
